elimination of the CHIPS (Carpentry Program) due to the fact that there will be no new houses built in the current housing economy, the students would have only been rehabbing current property. We will feel that we will get a quality experience working with members of our KUSD Facilities staff on projects without the

by Long Range Facilities Planning Committee due to site and building constraints

building eliminates duplicated staffing and increases instructional time

offset of the reduced per pupil revenue amount that Charter schools receive from the District

eliminate KUSD paying the \$89 fee for each student that takes an AP exam. Parents will be responsible for the \$89 fee for each AP test they wish their students to take.

Operational Reductions
